What makes AYSO unique?

The philosophy of the organization is to educate and develop young people by encouraging their interest and participation in soccer through our six philosophies:

Everyone Plays

Our goal is for kids to play soccer – so we mandate that every player on every team must play at least half of every game.

Everyone Plays

This includes our VIP-Very Important Players

Balanced Teams

Each year we form new teams as evenly as possible – because it is **fair** and more **fun** when teams of equal ability play.

Open Registration

Our program is open to all children who want to register and play soccer. **Interest** and **enthusiasm** are the only criteria for playing.

Positive Coaching

Encouragement of player effort provides for greater enjoyment by the players and ultimately leads to better-skilled and better-motivated players.

Good Sportsmanship

We strive to create a safe, fair, fun and positive environment based on mutual respect, rather than a win-at-all-costs attitude, and our goal is to instill good sportsmanship in every facet of AYSO.

Good Sportsmanship

AYSO's **Kids Zone** program is one of the first of its kind to promote good sportsmanship and appropriate sideline behavior. Every AYSO venue is a Kids Zone!

Player Development

We believe that all players should be able to develop their soccer skills and knowledge to the best of their abilities, both individually and as a member of a team, in order to maximize their enjoyment of the game.

Player Development

AYSO provides a number of programs that support player development including EXTRA and AYSO Soccer Camps.

Volunteer Philosophies?

AYSO's philosophies apply to volunteers too!
